# Automobile Design

Your assignment is to design an automobile custom made to your preferences. **Answer the questions below in complete sentences and then draw your automobile on the back.**

1. How big is your automobile going to be? (how long, how wide, wheel base)
2. What aesthetic qualities will your car possess? (What color, what type of interior, tinted windows, etc.)
3. How many people do you plan on being able to fit comfortably in your automobile?
4. What price range will this automobile be in? How much will the base price be, and how much are the add-ons, if there are add-ons.
5. What type of engine will this car have? What gas mileage do you expect your car to get?
6. What makes this automobile unique?
