THEME PARK REPORT

Roller coasters, music, games, water, food, and so much more are vital to any theme park. My theme park has exactly that. With tons of rides to splash and scream, my theme park is the place to be. Come on down to Mystery coast theme park!

The first thing anyone needs to know is where my theme park is located. My theme park would be located in Hawaii. The temperature is always warm, and even though there's volcanos how often do they actually occur? There are plenty of beaches in this state, and when you ride the water rides you'll dry within minutes. Of course you wouldn't just be walking on sand the whole time. A path would be built and the theme park walkway is cement.

Now moving on to the good stuff. What attractions are available? Some of my attractions include roller coasters, water rides, and live shows. For example, one of my roller coasters offered is called Fruit Loop Loops. This roller coaster consists of multiple loops without much spacing in between each one. Three water rides include Shower Tower, Seagull Beach Ride, and Log Fog ride. Shower tower is a drop ride. You will ride up in a cart-like seat and go forward then drop straight down while water splashes everywhere! The log fog ride is mysterious, but super fun. The Seagull beach ride will take you over the beaches of Hawaii to see amazing views while you ride in a seagull "cart".

The third thing my theme park has is food vendors and souvenir huts. For food we offer anything from smoothies to nachos. Hamburgers, smoothies, pizza, and more are big hits. For souvenirs you can take home hats, shirts, pins, photo books, or really anything you can think of. But now that you have the knowledge about the rides, where can you relax? You can get a cabana on the beach or relax by the stage in the shade. Performers will depend on their schedules. Not every time of the day will there be music playing. However, when the rides all closed the music will stay open longer.

Finally one of the most important parts about going is the cost and stay. Season passes can be bought for \$300.00. One day admission is \$45.00. No weekly passes are available. If you need a place to stay you can stay on the beach in a house or rent nights in a hotel. The hotel is approximately 12 minutes away with low traffic.

Overall, that is all the information you need to know about my theme park in Hawaii. Below will be a chart listed with all staff members. COME AND ENJOY YOURSELF IN THE FUN IN THE SUN!
